

Lab 1 instruction

1. If you download the Lab 1 zip file, there are 3 files : one is python Jupyter notebook file (.ipynb) two datasets (.txt and .csv).
2. You could use this link as well if it's more convenient to you. https://drive.google.com/drive/folders/19luMNJZCq283_Te9yL_SNbxk6KUTa_Fx?usp=sharing

**** NOTE: if you haven't used Google Colab yet, you could not open .ipynb file. Thus, please log in and open an example file provided by Colab with your Google account via**

<https://colab.research.google.com/>
